would recommend adding a 'schedule' budget to the agenda. Any details Rob can provide for next 90-120 days would be helpful ~ didn't copy all in case you have already ask for this. CPG tends to be good with general schedule info but getting dates for submittals and revisions etc tends to be a bit more challenging.

Diane:

Attached is a proposed agenda and two documents for the 3/19 teleconference:

- \* Upper 9-Mile Engineering Assumptions
- \* Technology Screening RTCs

The CPG would also like to discuss the status of the proposed RAOs and Remedial Alternatives as well as any initial feedback from CSTAG that might be available. Integral, AQ, de maximis and possibly 1 or 2 CPG representatives will be on the call - I will confirm the CPG participants with you in advance of the call.

Please contact me with any questions or comments.

Thanks

R/  
Rob
